

"CATS AND COOPERATIVE CARE: THE NEW FRONTIER"

J.R. HENDERSON

ZenCatsRock

Introduction to cooperative care with felines

- Who we are
- Model of choice and control
- Strat button and opt outs
- High value reinforcers and preference testing

Cooperative care foundations

Foundational behaviors of:

- Targeting
- Stationing
- Building other behaviors upon these

Example of cooperative care procedures (w/ accompanying videos)

- Tactile (touch with varying objects)
- Nail trimming
- Chin rest
- Teeth brushing
- Carrier training

Successes, challenges and troubleshooting 101

- Working on building momentum over duration, distance and distraction
- Importance of generalization
- Energy, excitement and enthusiasm, addressing M.O.'s and reinforcer delivery

Speakers Time Slot

Tuesday 14th of December, 2021

8:20PM - 9:05PM CET
